A list of the Intervention Strategies found on all PPRs that can be mapped and adjusted for local use as necessary.

Funds / Intervention Strategies:

The association of available intervention strategies per funding source.

Living Arrangements:

A list of the Living Arrangements found on all PPRs that can be mapped and adjusted for local use as necessary.

Funds / Living Arrangements:

The association of available living arrangements per funding source.

Priorities:

A listing of all agency priorities.

Objectives:

A listing of all objectives by priority. Each objective can only be assigned to one priority, but one priority can have unlimited objectives.

Actions:

A listing of all agency actions. Actions are the shorthand filterable/reportable categories assigned to time entries.

Funds / Objectives:

The association of Priorities/Objectives per funding source.

Objectives / Actions:

The association of Actions per Priorities/Objectives.

Outcomes:

The listing of the Outcomes found on all PPRs that can be mapped and adjusted for local use as necessary.

Funds / Outcomes:

The association of Outcomes per funding source.

Problems:

The listing of the Problems found on all PPRs that can be mapped and adjusted for local use as necessary.

SubProblems:

The listing of the SubProblems found on all PPRs that can be mapped and adjusted for local use as necessary. Some PPRs do not have SubProblems and have the NDRN option of PPR does not have SubProblem to map responses to.

Problems / Outcomes:

The association of Outcomes with Problem Areas. All outcomes, except the PAIMI outcomes will need to be associated with all problem areas. PAIMI Outcomes will need to be limited to the specific Problem Areas that are specific to the PAIMI Outcome.

Problems / SubProblems:

The association of Problems with SubProblems to categorize the options for intake.

Funds / Problems & SubProblems:

The association of the Problems & SubProblems combined options per funding source.

Publications:

List of all agency publications.

Funds / Publications:

The association of publications per funding source.
